Dear Deborah Leff,

Presidential Pardon Application

I, Brian David Hill, apply for a Presidential Pardon Application for my innocence and good behavior. The Pardon request is for my federal charge in the U.S. District Court for the Middle District of NC, docket # 1:13CR435-1, United States of America vs. Brian David Hill. All evidence is included in this Application letter in a declaration. You may investigate the witnesses and sources in this letter to verify some to all of my declared information to decide whether I deserve a Pardon of innocence or a regular Pardon. I will write you compelling, just, and a fair reason why I deserve a Pardon, why I should be released from Jail and why I shouldn't deserve the terms and conditions in the Probation PSI of ten years supervised release.

I believe my evidence, my alibis, my witnesses, my character witnesses, my good behavior and my health should justify that I should receive a Presidential Pardon, that I be commanded to be released from Jail, that I be returned back home to my family at 916 Chalmers St. Apt D Martinsville, VA 24112.

I may include additional evidence in the envelope this Application Letter is contained in future mailings to the U.S. FBI and U.S. DOJ in future mailings to the U.S. District Court, in future mailings to the U.S. Probation Office, and in evidence faxed and mailed from my family members. I hereby file this Pardon request. Sincerely,

Brian David Hill

FACTUAL Statements:

1. I have lived off of Social Security disability prior to my arrest. I was also on Medicaid. For all my life or at least most of it, I have been suffering with type 1 brittle diabetes, OCD General Anxiety Disorder, and mild autism. My mother Roberta Ruth Hill was my caretaker that helped me take care of my brittle diabetes and cooked for me. Further documentation can be found in the Colorado U.S. District Court, civil case Righthaven LLC vs. Brian D. Hill (2011) about my medical problem.
2. In July 2012 when my IP Address 24.148.156.211 was flagged by CPS, I had received a virus or trojan horse that ran emule.exe without my consent, without my knowledge until I discovered it running, and I reported this rogue program to the NC SBI and U.S. FBI.
3. I have many alibis in 2012 that not only prove I ain't a danger to society but also that I wasn't doing the activity I was accused of doing. The 2012 alibis are New Bern NC, Edinberg Mill in VA at least I think that may be the name, Chantilly VA, Rotary Club in VA where I interviewed Virgil H. Goode, Red Hill plantation in VA, WV state capitol, multiple Mayodan town council meetings, Rockingham Community College,

Presidential Pardon Application

3. (cont.) downtown Mayodan, downtown Madison, downtown Eden, downtown Reidsville, Farris Memorial Park, Serpent Mound Ohio, I think Pilot Mountain, I think Hanging Rock, Duncan Park in Mayodan, the Mayo river and dam there, I think Fairy Stone state park for swimming and hiking, I think Richmond VA either in 2012 or 2011, and other places. When I was on the computer I downloaded and watched anime that was english dubbed, typing up news article postings on uswgo.com, doing research, chatting with internet friends, doing political work, and working on my photography hobby. My mother is a witness to all this and my grandparents are also witnesses to at least some of my alibis. I have been on two cruise ships, National parks, state parks, swimming areas, hiking trails, festivals, and even saw a commercial movie being filmed in downtown Madison NC, and never did anything wrong, never did anything illegal.

4. I don't want to have any children, I am not a threat to children, I will never harm a child. I don't ever want to rape. I don't ever want to molest. I don't want to sexually abuse anybody. I don't even try to be around children. I am heterosexual, I am not a pedophile. Just because it was found, the child porn, on my computer, does not make children my interest. My sexual interest is Asian women. I want to go dating with a nice woman. I like to continue traveling, hiking, photography, listening to music, chatting with my friends, and swimming.

4. (cont.) I do not prefer 12 to 13 year olds like I told the police detectives. I prefer asian women. I felt I was threatened and compelled to tell the detectives what they wanted to hear. The whole confession should have been suppressed from my case but my no good public defender would not have it. Now it is being repeatedly abused for my PSI and to make me sound like a pedophile perverted freak, that needs to be monitored, shaken down by warrantless searches and seizures, and put under forced medication and mental health treatment. That confession audio is not my character and is an insult to my good name.

5. My mother Roberta Ruth Hill (276-224-6417), my grandparents Kenneth and Stella Forinash (276-632-2599), and my friends know my true character. They all will testify to the global truth that 1. I ain't a pedophile, 2. I don't need to be locked up, 3. I am a good person, 4. I was targeted by the Mayadan Police for personal and political reasons which is a conflict of interest, 5. That I deserve a pardon or clemency, 6. That I am against child abuse and torture, 7. That I take a lot of great pictures, 8. That I have a good heart, 9. That I will never commit a crime knowingly, 10. That I will never intend to hurt anybody, 11. That I will never hurt a child, 12. That my hobbies are completely legal, and that I was set up with child porn.

6. I received multiple threat emails from Tormail.org. My email is admin@usvgo.com. Then I received a suspicious email from a adversary claiming to be Jeff Lewis from Tormail.org with PDF attachments. Garrett a Forensic IT specialist was given my email password at the time to investigate the attachments. The attachments were found to contain child pornography. Garrett reported that email to the FBI for me thanks to my friendship with Daniel Johnson of PANDA a organization. The one threat email told me that I was set up with child porn that others were next, and said I will be a sex offender. That threat against me has been carried out with my conviction and with my friends getting child porn trick emails. Whoever set me up with child porn seems to have access to child porn. I reported the threat emails to the NC SBI through Joy Strickland, the Assistant Attorney General of the NC DOJ. I heard from my grandma that she faxed the U.S. FBI, that she reported the threat email to them. My family has access to admin@usvgo.com, they have access to these emails which they can forward to any government agent.

7. Upon being released I will take up my hobbies of hiking, listening to music, photography, cautiously surfing the web with a internet filter, swimming, and become more social with other adults in my community, then find a nice asian woman to date.

8. I have already served 9 months in Jail and Butler Prison. I have suffered enough punishment for the set up against me. I do not deserve a conviction. I don't need to suffer more in jail then I already have. I am not a predator, I am prey, I have suffered and cannot fight back at those who are causing me to suffer. All I can do ~~is~~ is keep writing letters to government officials, my family, and the media.
9. Since my incarceration, my blood sugars have got more out of control, my health deteriorates the longer I suffer in jail. My Feb. 2014 A1C 3-month average blood hemoglobin level was 10.9, before incarceration it was lower and kept under better control. Before my arrest my weight was over 200 pounds and now is less then 160 pounds.
10. If I stay in jail longer then 12 months I will lose my SSI and will have to reapply which may take years. I cannot work with my disability. I cannot survive without my SSI. My life is in the government's hands. Yes I could divorce the government to get out of this terrible charge, become sovereign to escape conviction, but then I will lose my SSI, Medicaid, and food stamps just to get no conviction under individual sovereignty. I rather not go that far to beat my conviction, that is why I am trying for a pardon.

11. Since the Mayodan Police raid on August 28, 2012, I moved to Virginia to move on with my life. I went to beautiful places, went on two cruise ships, hiked the Martinsville Dick and Willy trail and dog run trail, swam and exercised at the YMCA, been to Vermont, been to Richmond Virginia, seen awesome skateboarding in the park, took photos of the little post office, stayed out of trouble, used the internet for over 15 months with filtering of torrents and emule so that I stay safe, my computers I use are all clean, and I lived a better life in Martinsville than I ever did in Mayodan North Carolina. It horrified me that I learned I was to be arrested in Dec. 2013. I lived a good life in Martinsville with no criminal charge, I was still free, I lived my life to the fullest as a law abiding citizen. Now I feel it is over with a unwarranted conviction. I want to go back to the good clean life I lived in Martinsville Virginia staying out of trouble, I want to go back to my law abiding life without ten years of restrictions and other horrors that await me. The court thinks I deserve all this. I don't even want to commit crimes. I should not be a criminal, I got dragged into a awful thing, I deserve to go back home to my family. It hurts me being locked up and treated like a criminal.

What else can I say. I am innocent, I been set up,
I been threatened, I am a good person, I don't
deserve to be locked up, I am against child pornography
and know kids get harmed from it.
I don't have a criminal mind, I don't
have criminal intent, I swear under Oath that I
WILL NEVER Harm a child never. I don't
deserve the probation restrictions for ten years. I
know how to obey the law, I respect the law, I
don't need to be punished, I want to continue to
stay away from child porn, I would even help
the FBI track down and bust pedophiles to protect
children. I have a good heart, I deserve a Pardon,
I deserve my freedom, please I ask the Great
and Honorable Barack Obama to pardon me of the
conviction, he is our U.S. President, he has the power
to right the wrongs done to me and bring Justice.
Please U.S. Government I beg and plead of you to
Pardon me of my conviction as soon as possible.
Thank You the honorable Pardon Attorney.

Sincerely,
Brian David Hill
